

## Republic of Iraq Ministry of Higher Education & Scientific Research AL-Furat AL-Awsat Technical University

## Recycling Program in Al-Furat Al-Awsat Technical University depends on the four steps to keep and develop the environment:

First step: It is the awareness stage with different workshops and courses for the university staff and students about the importance and meaning of recycling.

Second step: It is the stage of application; There are different containers in the campus with posters to put waste in its specified container according to their color

Third Step: It is the stage of transport of what we can recycle into the company to reuse it in different ways and what we can not use it move to outside of the city to burial it.

Fourth step: It is centered in the factory to recycle the useful things and then offered it in a new and clean tool.
